INDEX

Aerial photography analysis 4-4

Air defense artillery (ADA) 6-13

AirLand battle
  conditions 1-1, 1-3
  strategy 1-3

Airstrip reconnaissance report 8-9

Amphibious crossing site report 6-9, 6-10

Armored combat earthmover
(ACE) 5-8, 5-14, 6-14, 6-16, Appendix B-3

Armored personnel carrier (APC) Appendix B-4

Armored vehicle launched bridge
(AVLB) 6-14—6-16, Appendix B-5, B-6

Assault force 2-17, 6-18

Avenues of approach 3-10, 3-11

Aviation support to mobility 1-4, 6-20

Bangalore torpedo 5-10, 5-11, Appendix B-2

Breast-high diameter (BHD) 5-11

Breaching
  commander's role in 4-12
  deliberate 4-8
  explosive methods of 4-8
  force 2-17
  goals of 2-16, 4-7
  hasty 4-8
  manual methods of 4-8
  mechanical methods of 4-8
  methods of 4-8
  minefield 4-7
  of obstacles 5-7
  of scatterable mines 4-9

Breach lane
  characteristics of 4-7
  proofing of 4-9

Bridge
  Bailey 6-16
  Classification Card (GTA 5-7-7) 5-6, Appendix D
  military load classification system 5-5, 6-8
  reports 5-4
  site report 6-13

Bypass
  categories 2-12, 2-13
  difficult 2-13
  easy 2-12
  impossible 2-13
  of minefield 4-7

CCM maps 3-9

CENTCOM 9-4
  see also Rapid Deployment Joint Task Force

Combat aviation support
  history of 8-1, 8-2
  to AirLand battle 8-2

Combat engineer vehicle (CEV) 5-8—5-10, 5-14
  Appendix B-3

Combat roads and trails
  area reconnaissance of 7-5
  crater repair of 7-12
  design factors 7-8
  location reconnaissance of 7-5
  maintenance 7-2, 7-11
  periodic reconnaissance of 7-5
  repair of 7-2, 7-11
  road reconnaissance 7-5
  route reconnaissance 7-5
  site selection 7-5, 7-6
  specific reconnaissance 7-5

Combat route site report 7-7

Combined arms teams 1-3, 5-16, 7-3

Combined obstacles overlays 3-6

Combined operations 9-3
  NATO 9-3
  PACOM 9-3
  CENTCOM 9-4

Command, control, and communications (C^3) 2-19

Consolidation 2-22

Contamination 5-8

Contingency operations 9-1, 9-2

Countermine
  assets 4-3, 4-12
  measures 4-12

Countermine (continued)
operations 4-3, 4-12
principles 4-2

Counterobstacle tasks 5-2

DA Form 1248 Appendix E,
see also Road Reconnaissance Report

Decision-making process 3-1

Deliberate defense 1-8

Detection reports 2-21

Drainage
of construction sites 7-6, 7-10
characteristics of soils 7-11
in FACE operations 8-8, 8-11

Earthwork 7-9

Electronic warfare 1-3

Engineer
reconnaissance patrol 1-7,
see also POZ and IRD
mobility estimate Appendix C
role in decision-making 3-3
staff estimate 3-17
support to mobility 1-4

Ferry site report 6-12

Float bridge 6-8, Appendix B-8

Ford report 6-10

Forward arming and refueling points (FARP) 8-2

Forward aviation combat engineering
command and control 8-13
clearing for 8-10
engineer tasks 8-2—8-4
facilities 8-4, 8-5
maintenance and repair 8-12
reconnaissance 8-6, 8-7
site selection 8-7—8-9
soil characteristics for 8-7, 8-8
stage construction 8-9

Gap
determining depth of 6-10
determining width of 6-10
fording 6-3
self-bridging 6-2, 6-3
swimming vehicles 6-8
reconnaissance of 6-6

Gap crossing
air support 6-19
deliberate 6-4
hasty 6-4
history of 6-1
support of 6-19

Grubbing
in combat road and trail construction 7-8
in FACE operations 8-10

Hasty defense 1-7

Holding areas 2-21, 2-22, 6-19

Intelligence
collection 7-3
reports 6-5, 4-4, 7-3

IRD 1-7, 1-8,
see also engineer reconnaissance patrol

Land clearing
for combat roads and trails 7-8
in FACE operations 8-10

LAPES zones 8-2, 8-3

Light tactical raft (LTR) Appendix B-6

Log
abatis 5-9
cribs 5-9

M4T6 floating/fixed bridge 6-16, Appendix B-6

Medium girder bridge (MGB) Appendix B-14

METT-T 3-3

Military gaps 6-2

Minefield
clearing 4-13
defining boundaries of 4-6, 4-7
ground reconnaissance of 4-7
marking 4-9—4-11
recording 4-11
reports 4-11

Mines
airborne detection systems 4-4
detection of 4-3—4-6
discovery by detonation 4-4
discovery by probing 4-4
electronic detection 4-4
history of 4-1, 4-2
thermal sight detection 4-4

Mobile assault bridge (MAB) Appendix B-12

Mobile obstacle detachment 1-7, 1-9,
see also POZ

Mobility
analysis matrix (terrain) 3-14
analysis matrix (weather) 3-15
corridors 3-10
drills 3-18
planner 3-4, 3-14, 3-15, 7-3
support 1-4
tasks 1-9—1-11

Mobility scheme
breaching 2-16—2-19
bypass of obstacle 2-12, 2-13
components of 2-6, 7-3
definition of 2-6, 7-3
deliberate reconnaissance 2-10
detection 2-10
hasty reconnaissance 2-10
role of follow-on force 2-6
role of leading force 2-6

NATO 9-3,
see also combined operations

NBC 2-24

Obstacles
antiairborne 5-11
antipersonnel, nonexplosive Appendix A-25
antitank, nonmine Appendix A-20—24
breaching of 5-7
bypass considerations 5-7
deliberate breaching of 5-7
detection of 5-3
detection reports 5-4—5-7
existing 2-1—2-4
forcing through 5-7
hasty breach of 5-7
methods of breaching 5-7—5-16
reduction 5-1, 5-7, 5-17
reinforcing 2-4
reporting (minefields) 2-19, 2-21
rubble 5-12
snow and ice 5-16
systems 5-1
types of 5-1
use by Threat 5-1
water and beach 5-12
wire 5-10

OCOKA 3-9

Operations orders 3-17

Operations security (OPSEC)
countermeasures 2-23
countersurveillance 2-23
deception operations 2-23, 2-24

PACOM 9-3

POZ 1-7, 1-9,
see also mobile obstacle detachment

Rapid Deployment Joint Task Force 9-4,
see also CENTCOM

Reconnaissance
aerial 2-10 2-11, 5-3
ground 2-10, 6-6
reports 2-21, 4-4

Remote sensors (imagery) 4-4, 5-3

Retrograde crossings 6-16—6-18

Ribbon bridge/raft Appendix B-10

Road-making equipment report 7-16

Road Reconnaissance Report Appendix E,
see also DA Form 1248

Roads closed report 7-15

Roads opened report 7-16

Scatterable mines 4-9

Side-looking airborne radar (SLAR) 4-4

Soil characteristics
for combat road/trail construction 7-11
in FACE construction 8-7
testing for 7-7

Staging areas 6-19

STANAG implementation Preface

Standard military map 3-4

Stream velocity 6-11

Stripping 7-8, 8-11

Strongpoint 5-12

Support force 6-19

Surfacing of roads 7-19

Terrain
analysis detachments 3-8
reports 5-4

Threat
antipersonnel mines Appendix A-13—15
antitank mines Appendix A-16—19
combined arms responsibilities 1-5
countermobility strategy and tactics 1-4, 1-5
defensive tasks 1-7, 1-8
engineer equipment Appendix A-1, A-5—9
engineer organization 1-5—1-7, Appendix A-1—4
mine delivery systems Appendix A-5, A-6
minefields Appendix A-11, A-12
offensive tasks 1-9
strongpoint 1-8
withdrawal 1-8

Topography
in combat road/trail construction 7-6
in FACE operations 8-8

Trafficability tables 3-7, 3-8

Tunnel report 5-6

US combat support equipment Appendix B

Weather data collection 3-8
